

Application advice

Acquisition consulting for public and external funding on national and in particular European level; international project management and project development

The M2C Institute comprises longtime experience in the implementation of cultural and cooperation projects on European level. The Institute is also well experienced in consulting museums, research institutes and cultural institutions for the successful acquisition of European funding.

We can offer you:

- Individual project consulting – every project proposal is unique and it is strictly necessary to investigate possible funding programmes and foundations within the particular sector

- Basic research – we assess your proposal concerning project design and feasibility

- Funding research – we assess your proposal concerning suitable funding programmes and conditions, e.g. funded project activities, funded objectives and priorities, max. amount of funding, funding duration, pre-financing etc.

- Funding expertise – upon request we can accompany and manage your proposal through the process of application and also through the realization and implementation of the project
